INTERNAL AUDIT REPORT

TO THE MEMBERS OF **BREAGE PARISH COUNCIL**
YEAR ENDED 31ST MARCH 2023

ISSUE DATE: 09/05/2023

Overview of internal audit:

Internal auditing is an independent, objective assurance activity designed to improve an organisation's operations. It helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, internal controls and governance process.

The scope of the audit covers the areas included in the Internal Audit Report contained in the Annual Governance & Accountability Return.

It should be noted that assurance can never be absolute. The internal audit does not involve the detailed inspection of all records and transactions and therefore it does not guarantee that the accounting records are free from fraud or errors.

Comments:

I would like to express my thanks to the Clerk, Mrs Carol Macleod for her assistance and co-operation during the audit.

Objectives of the internal audit:

AGAR Certificate reference

A. Appropriate accounting records have been kept throughout the year and periodic bank reconciliations were properly carried out during the year.

Ensure the correct roll forward if the prior year cashbook balances to the new financial year.

All balances have been brought forward correctly.

Check a sample of financial transactions in cashbooks to bank statements etc: the sample size dependent on the size of authority and nature of accounting records maintained.

The accounts are maintained in Scribe accounting software, they were up to date and appeared free from material errors. A sample of payments was tested to establish whether required controls had been applied and Vat had been accurately recorded.

Ensure the bank reconciliations are prepared routinely, are subject to independent scrutiny and signed-off by members.

Monthly bank reconciliations have been produced throughout the year and have been reviewed/checked by a member.

Verify the accuracy of the year-end bank reconciliation detail and ensure accurate disclosure of the combined cash and bank balances in the AGAR (section 2, line 8).

The year-end reconciliation was found to be accurate with no “balancing” entries or old unrepresented payments.

Where the authority has bank balances in excess of £100,000 it has an appropriate investment strategy.

The Investment Strategy is not in place.

- Recommendation: It is recommended to implement appropriate investment strategy as Council’s balances are in excess of £100,000.

B. The authority complied with its financial regulations, payments were supported by invoices, all expenditure was approved, and VAT was appropriately accounted for.

Review the procedures in place for acquisition of formal tenders and quotes, ensuring they are in line with the SOs and the FRs which should be based in the latest version.

Financial Regulations and Standing Orders based on the model documentation are in place. Financial Regulations were reviewed in May 2022 and Standing Orders were reviewed in July 2021.

- Recommendation: It is recommended to review both documents at least once a year.

Ensure the consistent values are in place for the acquisition of formal tenders between SOs and FRs (frequently different limits are recorded in the two documents).

Testing revealed no issues.

Review the procedures for receipt of invoices, agreement of invoice detail and confirmation of goods/services delivery and approval for payment: ideally, a suitably designed certification stamp should be in place providing for evidence of these checks and payment authorisation.

All invoices appeared to be checked by Clerk and signed/authorised prior to the payment.

Check that there is effective segregation between the writing of cheques or the setting up of online payments, and physical release of payments.

A sample of payments was tested to establish whether required controls had been applied and Vat had been accurately recorded. The Council uses online transactions as the main form of payments.

Check that VAT reclaims are prepared and submitted in a timely manner in line with the underlying records and in accordance with current HMRC requirements.

VAT claims are up to date.

Where debit/credit cards are in use, establish the total monthly and individual transaction limits and ensure appropriate controls over physical security and usage of cards are in place.
