BREAGE PARISH COUNCIL**NOTES PUBLIC PARTICIPATION ORDINARY PARISH COUNCIL MEETING HELD IN THE PARISH ROOMS BREAGE
ON TUESDAY 1 APRIL 2025**

At 7.08 p.m. the meeting was closed and Public Participation opened.

A Praa Sands resident detailed that they were setting up a Friends of Praa Sands group via an incorporated charity organisation. It has 8 members and 100 people expressing interest in participating, with the aim of re-building the central steps to Praa Sands beach. Currently the group does not exist.

Other residents spoke in favour of retaining the steps. These are maintained and insured by Cornwall Council (CC) and now subject to removal by CC as a category 1 failure.

BPC welcomed the formation of a friend's group but stressed any proposals for the steps would need to come forward quickly, fully worked up, costed, design approved and with a maintenance plan.

It was agreed by the Chairman and the resident that BPC would check if CC would be willing to support the resident's design for the steps and that the clerk is to look at BPC's insurance.

It was agreed by both the Chairman and the Resident that if BPC cannot secure insurance for the steps either for replacement or public use, which it must have in place as the landowner and if CC would not certify the proposed plans, then this would conclude the project.

Concern was expressed at the lack of public toilets at Praa Sands. BPC shares those concerns. At present the site and responsibility reside with Cornwall Council and it was agreed that Cornwall Council should be lobbied with Parishioners' concerns. BPC owns neither the land nor the facility. A resident suggested that BPC take over the managing of the toilets. It was explained that when public toilets were handed over by Cornwall Council, they usually came connected to mains sewerage and with a car park to mitigate costs. Neither are available at Praa Sands. The prime concern is that there is no mains sewerage, the toilets are supported by a 27,000-litre holding tank requiring it to be emptied daily in the summer. The running costs, public liability, cleaning, rates and utilities (water and electricity supply) costs are too high for a small parish to carry and manage on a daily basis with one staff member.

Public participation ended at 9.20 p.m. and the meeting was re-opened.
